## **Discover Scranton Products' Duralife® Lockers at Greenbuild 2014**

At GreenBuild 2014 at the Morial Conference Center in New Orleans, LA, October 22nd and 23rd 2014, Scranton Products Booth#1001 is showcasing Duralife ® Lockers, durable HDPE lockers specially designed for the school corridor.

Duralife Lockers is the only line of solid HDPE school lockers that are fully fire-rated (compliant with NFPA 286) as well as being GREENGUARD Gold Certified<sup>SM</sup> for improved indoor air quality. With extensive advantages over metal lockers, Duralife features the strength and durability to stand up to the wear and tear of everyday school use with low maintenance at a comparable cost. A Duralife video detailing the advantages is available at <http://www.youtube.com/watch?v=-1jjVylFiEw>

Scranton Products has taken environmental awareness one step further by manufacturing Duralife's locker boxes with 50 percent post-industrial content as a standard product offering. That means there is no additional cost for this environmentally-friendly alternative.

**About Scranton Products:**

For more than 25 years our premium brands have led the plastic partition& locker market setting new benchmarks for the industry in quality and innovation. Our well-known brands, including **Hiny Hiders®**, **Resistall™**, **Tufftec®** and **Duralife®**, feature the most durable, low maintenance and best looking partitions, lockers and industrial sheet products in the industry. They won't dent, rust or need painting, and because they have color throughout, delamination is not a factor. For more information, visit [www.scrantonproducts.com](http://www.scrantonproducts.com).
